Power Operated Third-Row Seats

Power operated third-row seats fold down flat and a sliding function on second-row seats allow for ease of stowing and reclining. Making it a easy to adjust the seating sections any time.

Back Monitor

Supports smooth reversing operations when parking at a 90-degree angle or parallel parking. Showing the rear view taken by a camera integrated into the rear of the vehicle on the display.

Ultimate Comfort & Space

The roomy 5-door Prado features a wide variety of seating configurations for 2 to 7 people (limit of 5 people in standard GX - 7 seat optional).

7 SRS Airbags

Supplemental Restraint System (SRS) Airbag. The SRS Airbag System is designed to supplement the seatbelt system and improve occupant protection in certain types of crashes.

Active Safety Features

Anti-skid Braking System (ABS) to help ensure that you have steering control while braking. Brake Assist (BA) to enhance emergency braking if necessary.

Hill-start Assist Control (HAC)

This technology is invaluable when pulling away on steep slopes. It helps to prevent roll back by momentarily holding the car when you release the brake, giving you time to engage gear and pull away safely.
